Hi, Gary -

We are discussing this again at our administrative staff meeting on Monday to decide on a couple of dates and then I will forward to you. We would like to have the meetings with the day care parents around Oct. 24 or 25 and then possibly have an informative session for other parents in the district around then as well. We would definitely prefer to have the day care parent meeting first whether it is on the same afternoon or a day before the district-wide meeting. We have not heard from Emily again since our phone conference last week. Looking at the options above, #2 is probably our best option just for the fact that there are no extra rooms available at the elementary school or other location in the district for the space the day care requires for infants through 5 year-olds. Thanks for checking in with me.

Brad

Mr. Maxwell:

I wanted to touch base with you to see if you guys had decided on anything concerning talking with the other teachers and principals. I also had a conversation with Emily Hall and we were brainstorming ideas and this is what we came up with based upon potential concerns you guys had. Did Emily ever call you guys to discuss?

1. Separate location where the kids could be rather than at the daycare building (ie. classroom at the elementary school, or other location); or
2. Stay at the daycare location but have outside time at the elementary school playground area.

Thanks
